

Scottish Ecology, Environment and Conservation Conference

April 3rd-4th 2017
University of Aberdeen

THE UNIVERSITY
of EDINBURGH

UNIVERSITY of
STIRLING

University of
St Andrews

The conference aims to bring together researchers in ecology, conservation and environmental science across Scotland (and more widely).

It's a great opportunity for PhD and MSc students to present their work, interact with peers and more senior researchers and policy makers, and to discuss the ways that research can be used to inform conservation and environmental policy.

Keynote speakers:

Prof Georgina Mace, FRS (Professor of Biodiversity and Ecosystems, UCL)

Prof Phil Boon (Head of Ecosystems and Biodiversity, SNH)

Panel Discussion: *'Applying ecological science to conservation policy'*

with **Georgina Mace**, **Anne Glover** (former Chief Scientific Advisor to the Scottish Government and to the European Commission), **Andrew Bachell** (Director of Policy and Advice, SNH) and **Ruth Mitchell** (Chair of British Ecological Society Scottish Policy Group).

Student talks, poster session, and plenty of time for networking and socialising.

Registration

Cost: Free!!

Registration & abstract deadline: Monday 6th February

Register at: https://www.eventbrite.co.uk/e/ecology-environment-and-conservation-tickets-30493614221?utm_term=eventurl_text

We strongly encourage ALL student attendees to contribute to the conference by offering a talk, a full poster or an 'essence' poster.

Please send talk and full-poster abstracts to **Paul Robertson (Paul.Robertson@snh.gov.uk)** with the email subject 'SEECC talk abstract' or 'SEECC poster'. Abstracts should be max. 200 words. If you're giving an essence poster, there's no need to do anything except register!
